

## Intel® Compute Stick: We've Shrunk the Package Not the Performance

New Intel Compute Sticks Based on 6th Generation Intel® Core™ m3 and Core™ m5 Processors

Get ready for amazing. The Intel® Compute Stick is a tiny device the size of a pack of gum that can transform any HDMI\* TV or display into a complete computer. But it's what's inside that's really incredible: an Intel® Core™ M processor – with blazing-fast speed that gives you performance for work, play or both, and lets you upgrade to a world of new experiences. And with optional Intel® vPro™ technology, you have the confidence that your data and networks are safe. The Intel Compute Stick delivers everything you love about a desktop computer in a device that fits in the palm of your hand.

### Key Features:

- Intel Core M processor for blazing-fast speed
- SKU option with Intel® Core™ m5-6Y57 vPro™ processor to help protect data, user identities, and network access
- SKU option with Intel® Core™ m3-6Y30 processor
- SKU option with preinstalled Windows 10\* for the latest user experience
- 64GB eMMC storage; 4GB on-board RAM
- Intel® Dual Band Wireless AC 7265 and Bluetooth\* 4.1 lets you connect right out of the box
- Transform any HDMI display into a complete computer and work anywhere you want
- With three USB ports, you can attach the peripherals you need

### Pricing:

- MSRP for Intel Compute Stick with Intel Core m3 processor is \$399 with Windows 10
- MSRP for Intel Compute Stick with Intel Core m5 processor is \$499 with no operating system

### Availability:

- All SKUs expected to be in production by February 2016<sup>1</sup>

## Announcing Intel Compute Stick Based on the Latest Intel® Atom™ Processor

Amazing meets affordable. The Intel Compute Stick is a tiny device the size of a pack of gum that can transform any HDMI TV or display into a complete computer. But it's what's inside that's really incredible: a quad-core Intel® Atom™ processor that gives you balanced performance for work or play. The Intel Compute Stick delivers an affordable plug-and-play PC in a device that fits in the palm of your hand.

### Key Features:

- Intel® Atom™ x5-Z8300 quad-core processor
- SKU option with preinstalled Windows 10 for the latest user experience
- 32GB eMMC storage; 2GB on-board RAM
- Improved Intel® Dual Band Wireless AC 7265 and Bluetooth 4.0 with 2x2 antennas for seamless connections
- Transform any HDMI display into a fully functional computer and work anywhere
- Two USB ports so you can attach all your peripherals

### Pricing:

- MSRP for the new Intel Compute Stick with Intel Atom processor is \$159 with Windows 10

### Availability:

- All SKUs in production now
